CERTIFICATE

Miri Piri Khalsa College, Bhadaur has established an Institution–Industry Cell along with a Placement Cell to strengthen linkages between academics and industry and to support students in career development and employment opportunities. These cells work collectively to bridge the gap between classroom learning and professional requirements.

The Institution–Industry Cell promotes interaction with industry through career awareness programmes, industry-oriented lectures, counselling sessions, and skill development activities, helping students understand current industry trends and workplace expectations. The Placement Cell focuses on career guidance, placement-related counselling, dissemination of job opportunities, and preparation of students for interviews and professional life.

Both cells function under the guidance of Dr. Mandeep Kaur, who serves as the Placement Officer and provides continuous career counselling and guidance to students. Through coordinated efforts, the Institution–Industry Cell and Placement Cell contribute significantly to enhancing student employability, career readiness, and professional growth.
